## Final Energy Procurement Seminar

If you pay an electric bill for your business you should attend the Energy Procurement Seminar on Tuesday, June 3 at 3:00 p.m. in the Community Room of the RE/MAX Building. Electric prices are on the rise. For a Type I electric account rates are rising 21% in June and for a Type II account rates will rise 44%. Attend the seminar and see how you can join with other businesses in the area to save money on your electric bill.

The Energy Pool will allow businesses to go out and shop for energy as a larger group thus getting a better rate on electric from a supplier. You might be thinking-is my business able to enroll in this plan? If you are a small to medium sized business, in a medical or professional office, a church or synagogues, a non-profit organization, a property management firm, or a private school, you are eligible.

When rates are capped, business can enjoy a budget certainty. The rates will not fluctuate during the length of the fixed rate contract so your business will be able to better manage its electric bill. Call the Chamber today at 301.774.7117 to reserve your space at the seminar on June 3. There is no cost to attend the hour seminar. What do you have to lose?

The Olney Chamber of Commerce invites you to join us at the
